GP **Silhouette** by **easy**craft.

Crafted by the architectural and design communities, this innovative range of decorative panels provides depth, distinction and texture for your next unique design. Available in three different profiles and spacings, the tactile nature of the Silhouette profiles play with light to produce organic shapes and shadows.

GP VE veneer and **expression** series

Go for style and impact: these ranges make a confident contemporary statement and offers a large range of material options. Feel free to finish off pre-primed panels with your preferred paint colour or choose the warmth of ultra-stylish timber veneers.

## Installation Made Easy

Easycraft panels include the easyjoin system that allows for a fuss free, quick installation.

The panels are identified by a green tongue for general purpose interior and a blue tongue for semi-exterior / wet area interior applications (this excludes the Silhouette range).
